Email from **David d'Enterria (CERN TA coordinator)**; Dear STRONG-2020 scientific coordinators,

As you know, our project has allocated funds for **CERN transnational access (TA)** to provide per-diem funding to STRONG-2020 members to access the lab for:

- 1) Beam-tests & irradiations at PS/GIF++/IRRAD/... facilities (this concerns mostly the STRONG2020 Instrumentation WPs).
- 2) Participation to experimental runs of officially approved fixed-target experiments (this mostly concerns COMPASS, FT@LHC,... experimental activities).
- 3) Participation to STRONG-2020 meetings, workshops, conferences,... (this mostly concerns to all of WPs above, plus all WPs related to both experimental and theoretical LHC activities).

The flat official CERN-STRONG-2020 per-diem is 138 CHF/day (~125€/day). In order to plan and organize the access of STRONG-2020 members to CERN over the next year, we would like you to send us an email informing us of: (i) the motivation for your access request based on points 1), 2), or 3) above, as well as the indicative needs in terms of (ii) number of days, and (ii) number of people of your WP that may need potential access at CERN for 2021. If you can discuss with your WP members and provide us with an answer within a few weeks, we'll be grateful (if we don't hear from you by early **January'21**, we will assume that your WP doesn't need/expect CERN access in the next year).

A 4-members Users Panel (formed by researchers outside of STRONG-2020) will evaluate all requests and allocate the fundings.

Please feel free to contact me if you need more information. Thanks in advance for your prompt feedback.

Best regards,

We (Marco and Juan) will collect all requests by January 15 and write to David

Dear colleagues,

STRONG2020 Dissemination project

We would like to promote the people who continuously work for STRONG-2020 and bring the project to live.

We propose to create a mosaic of photos which will be composed from pictures of faces of people, inserted in the logo of STRONG-2020, and which will be visible on the official website.

Therefore, we ask you to send your photos (face, profile photo), as well as the ones of all other people involved in the project (doctoral and post-doc students, other scientists etc.) to our communication and dissemination responsible, Catalina Curceanu, at:

catalina.curceanu@Inf.infn.it

We are already running late! Please act as soon as possible

Dear STRONG-2020 WP leaders,

we need information from you regarding Dissemination & Communication Activities to put inside the Participant Portal - this is MANDATORY - and very important for the (first) Reporting Period.

I send you in **attach the list of information we need** (of course you need to fill in only what relevant to your WP).

Please fill in it with care with infos on your WP and send it back to me and to Emine (our emails in CC) **WITHIN 10 JANUARY.**

Please put in the header of the document the relative WP for which you provide the info.

Also, for the future, please provide us steadily the infos on the various items in the document as they add up, which will make all the process easier in the end.

thank you very much

We need your input asap (before January 7)
