

7th Institute of Space Sciences Summer School: Multiwavelength Approach to Exoplanets

Wednesday 03 July 2024

Hands-on session: Spectral data extraction (Marina Lafarga) (14:30-16:00)

time	[id]	title	presenter
14:30	[50]	Spectral data extraction	

Hands-on session: Analysis of observational data I (Trifon Trifonov) (16:30-18:00)

time	[id]	title	presenter
16:30	[51]	Analysis of observational data I	

Thursday 04 July 2024

Hands-on session: Machine learning in radial velocities (Manuel Perger) (16:30-18:00)

time	[id]	title	presenter
16:30	[71]	Machine learning in radial velocities	

Friday 05 July 2024

Hands-on session: Transmission spectroscopy (Carlos Gascón) (14:30-16:00)

time	[id] title	presenter
14:30	[58] Transmission spectroscopy	

Hands-on session: Analysis of observational data (Juan Carlos Morales) (16:30-18:00)

time	[id] title	presenter
16:30	[55] Analysis of observational data	

Monday 08 July 2024

Hands-on session: Magnetic field measurements in Solar planets (Albert Elias-López) (16:45-18:00)

time	[id]	title	presenter
16:45	[63]	Magnetic field measurements in Solar planets	

Tuesday 09 July 2024

Hands-on session: Radio data (Simranpreet Kaur) (14:30-16:00)

time	[id] title	presenter
14:30	[73] Radio data II	

Hands-on session: Radio data (Òscar Morata) (16:30-18:00)

time	[id] title	presenter
16:30	[72] Radio data I	

Thursday 11 July 2024

Hands-on session: Transit photometry analysis with Montsec data (14:30-16:00)

time	[id]	title	presenter
14:30	[70]	Transit photometry analysis with Montsec data
